

1994 Index to Volume 56 of *The American Biology Teacher*

This index includes everything published in *The American Biology Teacher* during 1994 (Volume 56) except filler material. Book reviews in the Title Index are listed with the names of the book author(s) in parentheses; AV reviews list the name of the producer in parentheses. In both cases, the reviewers are listed in the Author Index. Initial articles (i.e. a, an, the) are not considered in alphabetization of the index. The index is alphabetical word-by-word. For example, "Educational" would follow "Education theory." Page numbers indicate the first page of the article or department in which the entries appear.

Entries are in three categories: Subject, Title and Author. All entries include one of the following key codes:

- A = Articles
- B = Biology Today
- C = Computer Center
- D = Other Departments
- E = Editorial
- F = Features
- H = How-To-Do-Its
- L = Letters
- R = Book Reviews
- V = AV Reviews
